GEITE01X: Living in the IT Era
Student E-Portfolio: An OBE Final Output
For Midterm and Final Project
Prepared by: Dr. Earl Marquez Albina

Do it now! No more rush work!

Instructions and Guidelines:

1. Use **wix.com** to create an Interactive Website about this course / subject.
2. Create and design a banner (Website Title): **E -Portfolio in [Subject Name] by [complete name of the student]**
3. The Web Content Development of your E-Portfolio is from Midterm Period and Final Period.
4. Create 5 MAIN Menus: Home, About, Midterm, Finals, and References
5. Sub Menus (Drop Down Menus) are **Lessons, Activities and Self-Reflections** for the Midterm and Final Period.
6. For the Lessons (each grading period) you can use our PPT presentation from the Lessons and Topics presented in the syllabus from Midterm to Final Period.
7. For the Activities (each grading period) you can use our activities for each grading period, you can use and screenshot of our activities and our class pictures. Also to upload ALL activities per grading period. Do not post the Attendance Report
8. For the Reflections (each Period) you can compose and create 1 SUMMARY REFLECTION per period and post at least 2 pictures while designing your Student e-Portfolio
9. For the references: list all the resources we used from the Midterm to Final Periods. Book Titles and URLs
10. Insert your short video clip (minimum of 2 to 3 minutes only) presentation entitled: **"My Journey and Testimonial in [Subject Name] under by Dr. Earl Albina"** at the Home Page.
11. Double check all Lesson Contents from Midterm to Final Period, as well as the Reflections with Selfie Picture while studying and doing your Student E-Portfolio.
12. **Challenge:** Use AI to speak the Reflection Part by using button for the text presentation
13. Upload your website and use BITLY to shorten the Link: example url: https://bit.ly/subjectcode_suname
    For Final Period only (Instruction Nos. 14 – 17)
14. Present it first to your professor before you present it to the 3 Evaluators, for me to check the design and contents.
15. Use Rubrics Grading for the 3 evaluators (Professor, Non Teaching and Admin)
16. Upload and print your own Rubrics (3 copies, use short bond papers).
17. Submit your grade rubrics on or before Final Exam Week
18. Enjoy doing the Project per period (Midterm and Final Periods). God bless you!

Thank you and Good luck!
